INFORMATION CIRCULAR
in respect of an Annual General and Special Meeting to be held virtually on Thursday, May 26, 2022

PURPOSE OF SOLICITATION

This Information Circular is furnished in connection with the solicitation of proxies by the management of Signature Resources Ltd. (“**SGU**” or the “**Company**”) for use at the annual general and special meeting (the “**Meeting**”) of the holders (“**Shareholders**”) of common shares in the capital of the Company (“**Common Shares**”). The Meeting will be held virtually through the platform of AGM Connect www.agmconnect.com/sgu2022 on **Thursday, May 26, 2022 at 10:00 a.m.** (Toronto time), for the purposes set forth in the notice of meeting of Shareholders (the “**Notice of Meeting**”) accompanying this Information Circular. References in this Information Circular to the Meeting include any adjournment or postponements thereof.

Information contained herein is given as of **Monday, April 11, 2022**, unless otherwise specifically stated.

It is expected that the solicitation of proxies will be primarily by mail, subject to the use of the Notice and Access Provisions (as defined below) in relation to the delivery of the meeting materials, however, proxies may also be solicited by telephone, facsimile or in person by directors, officers and employees of the Company who will not be additionally compensated therefor. Brokers, nominees or other persons holding Common Shares in their names for others shall be reimbursed for their reasonable charges and expenses in forwarding proxies and proxy material to the beneficial owners of such Common Shares. The costs of soliciting proxies will be borne by the Company.

GENERAL INFORMATION RESPECTING THE MEETING

The Company is utilizing the notice-and-access mechanism (the “**Notice-and-Access Provisions**”) concerning the delivery of proxy-related materials to shareholders found in section 9.1.1 of National Instrument 51-102 – *Continuous Disclosure Obligations* (“**NI 51-102**”) in the case of registered Shareholders, and section 2.7.1 of NI 54-101 in the case of Beneficial Shareholders (as defined below).

The Notice-and-Access Provisions are a mechanism that allows reporting issuers other than investment funds to choose to deliver proxy-related materials (such as information circulars and annual financial statements) to registered holders and beneficial owners of securities by posting such materials on System for Electronic Document Analysis and Retrieval (“**SEDAR**”) and one other website, rather than sending such materials by mail. Reporting issuers may still choose to continue to deliver such materials by mail, and beneficial owners will be entitled to request delivery of a paper copy of this Information Circular at the Company’s expense. The Company anticipates that notice-and-access will directly benefit the Company through a substantial reduction in both postage and material costs, and also promote environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials.

In order to use Notice-and-Access Provisions, a reporting issuer must set the record date for notice of the meeting to be on a date that is at least 40 days prior to the meeting in order to ensure there is sufficient time for the meeting materials to be posted on the applicable website and other materials to be delivered to Shareholders. The Notice-and-Access Provisions require a reporting issuer to provide basic information about the meeting and the matters to be voted on thereat, explain how a shareholder can obtain a paper copy of the Meeting materials and management’s discussion and analyses, and explain the Notice-and-Access Provisions. All such matters are described in the Notice of Meeting. The Notice of Meeting has been delivered to Shareholders by the Company, along with the applicable voting document (a form of proxy in the case of registered Shareholders or a voting instruction form in the case of Beneficial Shareholders).

Electronic copies of this Information Circular, financial statements of the Company for the financial years ended October 31, 2020, and October 31, 2021 (the “**Financial Statements**”) and management’s discussion and analyses for 2020 and 2021 (the “**MD&As**”) may be found on the Company’s SEDAR profile at www.sedar.com and also at www.agmconnect.com/sgu2022.

The Company will not use procedures known as “stratification” in relation to the use of Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of this Information Circular to some Shareholders with the Notice of Meeting. In relation to the Meeting, all Shareholders will receive the required documentation under the Notice-and-Access Provisions, which will not include a paper copy of this Information Circular.

Shareholders are reminded to review this Information Circular before voting.

Shareholders with questions about notice-and-access can call AGM Connect, toll-free at 1-855-839-3715. Shareholders may also obtain paper copies of this Information Circular, the Financial Statements and the MD&A free of charge by contacting AGM Connect at the same toll-free number or upon request to the Company’s Corporate Secretary.

A request for paper copies which are required in advance of the Meeting should be sent so that they are received by the Company or AGM Connect, as applicable, no later than May 10, 2022, in order to allow sufficient time for Shareholders to receive the paper copies and to return their form of proxies or voting instruction forms, as applicable, by their respective due dates.

APPOINTMENT AND REVOCATION OF PROXIES

Enclosed herewith is a form of proxy (the “Form of Proxy”) for use at the Meeting. The persons named in the Form of Proxy are officers of the Company. A Shareholder submitting a proxy has the right to appoint a nominee (who need not be a Shareholder) to represent him or her at the Meeting other than the persons designated in the enclosed Form of Proxy by inserting the name and valid email address of his or her chosen nominee in the space provided.

A Form of Proxy will not be valid for the Meeting unless it is signed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, it is executed by a duly authorized officer or attorney thereof. A Shareholder who is unable to attend the Meeting in person is requested to complete and sign the enclosed form of proxy and to deliver it to AGM Connect by mail or hand delivery to 2704-401 Bay Street, Toronto, ON M5H 2Y4. In order to be valid and acted upon at the Meeting, the Form of Proxy must be received no later than 10:00 a.m. (Toronto time) on May 24, 2022 or no later than 48 hours (excluding Saturdays, Sundays and statutory holidays) prior to the commencement of any adjourned Meeting. You may also send your proxies via email at voteproxy@agmconnect.com or vote your shares online at www.agmconnect.com/sgu2022.

If you are a Beneficial Shareholder of Common Shares and have received these materials through your broker, custodian, nominee or other intermediary, please complete and return the form of proxy or voting instruction form provided to you by your broker, custodian, nominee or other intermediary in accordance with the instructions provided therein.

A Shareholder who has given a proxy may revoke it prior to its use, in any manner permitted by law, including by instrument in writing executed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, executed by a duly authorized officer or attorney thereof and deposited at the registered office of the Company or the office of AGM Connect at any time prior to May 25, 2022 at 10:00 a.m. (Toronto time) on the last business day preceding the day of the Meeting at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting.

ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many Shareholders who hold Common Shares through brokers and their nominees, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who hold their Common Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders who appear on the records maintained by the Company’s registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those

Common Shares will, in all likelihood, not be registered in the Shareholder's name. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of the broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such Common Shares are registered under the name Cede & Co. (the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms). Common Shares held by brokers (or their agents) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. Each Beneficial Shareholder should therefore ensure that the voting instructions are communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to the Registered Shareholders by the Company. However, its purpose is limited to instructing the Registered Shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The Beneficial Shareholder is requested to complete and return the VIF to them by mail or facsimile. Alternatively, the Beneficial Shareholder can call 1-855-839-3715 or visit www.agmconnect.com/sgu2022 to vote the Common Shares held by the Beneficial Shareholder.

Beneficial Shareholders who have not objected to their intermediary disclosing certain ownership information about themselves to the Company are called Non-Objecting Beneficial Owners (“**NOBOs**”). Beneficial Shareholders who have objected to their intermediary disclosing ownership information about themselves to the Company are called Objecting Beneficial Owners (“**OBOs**”). **In accordance with the requirements of NI 54-101, the Company has elected to send the Notice of Meeting and this Information Circular (collectively, the “Meeting Materials”) directly to NOBOs.**

The Meeting Materials are being sent to both Registered Shareholders and Beneficial Shareholders. If you are a Beneficial Shareholder, and the Company or its agent has sent these materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Meeting Materials sent to the NOBOs who have not waived the right to receive meeting materials are accompanied by a VIF, instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a NOBO can instruct the voting of the Common Shares owned by the NOBO. VIFs, whether provided by the Company or by an intermediary, should be completed and returned in accordance with the specific instructions of the VIF. The purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the Common Shares which they beneficially own. Should a Beneficial Shareholder who receives a VIF wish to attend the Meeting or have someone else attend on the Beneficial Shareholder's behalf, the Beneficial Shareholder may request a legal proxy as set forth in the VIF, which will grant the Beneficial Shareholder, or Beneficial Shareholder's nominee, the right to attend and vote at the Meeting.

A Beneficial Shareholder who receives a VIF cannot use the form to vote Common Shares directly at the Meeting. The VIF must be returned to the intermediary (or instructions respecting the voting Common Shares must otherwise be communicated to the intermediary) well in advance of the Meeting in order to have the Common Shares voted. Although a Beneficial Shareholder may not be recognized at the Meeting for the purpose of voting Common Shares registered in the name of the broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the Registered Shareholder and vote Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered holder, should visit www.agmconnect.com/sgu2022 well in advance of the Meeting to determine the step necessary to permit them to indirectly vote their Common Shares as a proxyholder.

All references to Shareholders in this Information Circular and the accompanying VIF or proxy and Notice of Meeting are to Registered Shareholders unless specifically stated otherwise.

VOTING OF PROXIES

All Common Shares represented at the Meeting by properly executed proxies will be voted for or against, or withheld from voting, as the case may be, on any ballot that may be called, in accordance with the instructions given by the Shareholder, and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. **In the absence of any such instruction, the persons whose names appear on the printed Form of Proxy will vote in favour of all the matters set out thereon.** The enclosed Form of Proxy confers discretionary authority upon the persons named therein. If any other business or amendments or variations to matters identified in the Notice of Meeting properly comes before the Meeting, discretionary authority is conferred upon the person appointed in the proxy to vote in the manner they see fit, in accordance with their best judgment.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The board of directors of the Company (the “**Board**”) has fixed Monday, April 11, 2022 as the record date. Holders of Common Shares at the close of business on Monday, April 11, 2022, are entitled to receive notice and vote at the Meeting on the basis of one vote for each Common Share held, except to the extent that: (i) a registered Shareholder has transferred the ownership of any Common Shares subsequent to Monday, April 11, 2022; and (ii) the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares and demands, not later than ten days before the Meeting, that his or her name be included on the Shareholder list before the Meeting, in which case, the transferee shall be entitled to vote his or her Common Shares at the Meeting.

As at the date of this Information Circular the Company had 274,835,662 fully paid and non-assessable Common Shares issued and outstanding.

To the knowledge of the directors and executive officers of the Company, as of the date of this Information Circular, there are no other persons, firms or corporations that beneficially own, or control or direct, directly or indirectly, voting securities carrying 10% or more of the voting rights attached to any class of voting securities of the Company.

As at the date of this Information Circular, the directors and executive officers of SGU as a group beneficially owned, directly or indirectly, or exercised control or direction over, approximately 26,228,286 Common Shares, representing approximately 9.54% of the presently issued and outstanding Common Shares.

STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The purpose of this Compensation Discussion and Analysis is to provide information about the Company's philosophy, objectives and processes regarding compensation paid to those who acted as the Chief Executive Officer (“**CEO**”) or the Chief Financial Officer (“**CFO**”) of the Company (or in similar capacities) and each of the next three most highly compensated executive officers of the Company whose total compensation was, individually, more than \$150,000 at the end of the applicable financial year (each a “**Named Executive Officer**” and collectively, the “**Named Executive Officers**”).

Compensation Philosophy and Objectives of the Compensation Program

SGU has a balanced approach to compensation, seeking to maintain low overhead costs and expenses so as to attain the lowest possible burn rate while it plans its exploration activities, and providing sufficient incentives to attract and retain talented management that can achieve the Company's objectives.

What the Compensation Program is Designed to Reward

The compensation program is intended to keep the Company's costs to a minimum while it continues to focus on its gold property in Ontario. In addition, the compensation program has been kept relatively simple while the Company

is in the exploration stage. It is intended that the current Named Executive Officers will be appropriately compensated as the Company's exploration program advances.

Each executive officer is entitled to receive a base salary. Base salary is recognition for discharging job responsibilities and reflects the officer's performance over time, as well as that individual's particular experience and qualifications. An officer's base salary is reviewed by the Board on an annual basis and may be adjusted to take into account performance contributions for the year and to reflect sustained performance contributions over a number of years.

The Company entered into written consulting agreements with each of Mine Horizons Consulting Inc., Grove Corporate Services Ltd., MMW Consulting Inc. and Hanych Geological Consultants Ltd. with regards to services provided by Robert Vallis as CEO, Donna Mclean as CFO, Rickardo Welyhorsky as COO and Walter Hanych as Chief Geologist, respectively. The terms of the consulting agreements are described in this Information Circular under the heading “*Statement of Executive Compensation – Incentive Plan Awards – Termination of Employment or Change of Control*”.

In addition, officers are eligible under the Company's stock option plan (the “**Option Plan**”) to receive grants of stock options (the “**Options**”). For a summary of the Option Plan, see “*Securities Authorized for Issuance Under Equity Compensation Plans – Option Plan*”. The Option Plan is an important part of the Company's long-term incentive strategy for its officers, permitting them to participate in any appreciation of the market value of the Common Shares over a stated period of time. The Option Plan is intended to reinforce commitment to long-term growth in profitability and shareholder value. The size of stock option grants to officers is dependent on each officer's level of responsibility, authority and importance to the Company and the degree to which such officer's long-term contribution to the Company will be key to its long-term success.

Each Element of Compensation and Why the Company Chooses to Pay Each Element

The compensation program for the Named Executive Officers is comprised of base salaries and Options. The following table provides a broad overview of the elements of the Company's current executive compensation program:

Element	Award Type	Objective	Key Features
Base Salaries	Salary	To provide a basic level of reward while the Company is in a preliminary exploration period.	Non-discretionary fixed regular cash payments based upon the performance of day-to-day executive level responsibilities.
Options	Option-based award	To reward long-term performance by allowing Named Executive Officers to participate in the long-term market appreciation of the Common Shares.	Annual and special awards granted at market price and having a term of five years.

How the Company Determines the Amount for Each Element

Base Salaries

As of the date hereof, the current Named Executive Officers have agreed to receive monthly salaries which are below the salary norms in the industry and of the general marketplace to reduce costs. Pursuant to the CEO Agreement (*as herein defined*), Mr. Vallis will be paid a base salary of C\$25,000 monthly, being C\$300,000 per annum. The base fee paid to Mr. Vallis is subject to certain increases upon successful financing raises by the Company in accordance with the terms of the CEO Agreement. Pursuant to the terms of the COO Agreement with Rickardo Welyhorsky (*as herein defined*), Mr. Welyhorsky is paid a base salary of C\$16,666.67 monthly, being C\$ 200,000 per annum. Pursuant to the terms of the CFO Agreement with Grove Corporate Services Ltd. (*as herein defined*), the monthly retainer paid to Grove Corporate Services Ltd. is \$7,500, being \$90,000 per annum. Pursuant to the CG Agreement (*as herein defined*), the fee paid to Walter Hanych is C\$10,000 monthly, being C\$120,000 per annum.

Options

Option grants are normally considered annually, and the number of Options granted to any particular individual commensurate with the individual's performance and level of ongoing responsibility within the Company. In considering additional grants, the Board generally evaluates the number of Options an individual has been granted previously, the exercise price, value of the Options and the term remaining on those Options. Options granted Named Executive Officers are granted upon the commencement of an individual's engagement with the Company, based on their level of responsibility within the Company. Additional grants are subject to certain key performance indicators being met and vesting is subject to an annual review by the Board and compliance with the limitations under the Company's Option Plan, which limits the number of options to 10% of the issued and outstanding shares of the Company.

Risk Assessment and Oversight

During fiscal 2020 and 2021, the Board did not consider the implications of the risks associated with the Company's compensation policies and practices.

Hedging Activities

Although the Company does not have a policy which prohibits any Named Executive Officer or director from purchasing financial instruments designed to hedge or offset a decrease in market value of equity securities granted as compensation or held by the Named Executive Officer or director, no Named Executive Officer or director has entered into any such agreement.

Compensation Governance

The Company's executive compensation program is administered by the Board as a whole. All members of the Board possess the necessary experience and education and are familiar with compensation practices in the natural resource exploration sector and understand the compensation matters relevant to the Company. In considering its executive compensation program, the Board performs the following analysis:

- reviews the compensation packages for the CEO and the other Named Executive Officers, including short-term and long-term incentive plan awards and grants;
- reviews the corporate goals, objectives and business performance measures which will be used in evaluating the CEO and the other Named Executive Officers;
- reviews the provision for effective succession for the Company's senior management team;
- reviews the grant of Options pursuant to the terms of the Option Plan; and
- annually reviews and ensures that compensation plans, in their design, structures and application have a clear link between pay and performance and do not encourage excessive risk taking.

The Board as a whole has evaluated the performance of the Named Executive Officers, reviewed compensation arrangements for the Named Executive Officers and directors and made awards under the incentive compensation plans.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

OPTION PLAN

The Option Plan, dated January 25, 2012, as amended, is the Company's only securities-based compensation plan. It was last approved by Shareholders on March 1, 2021 and is required to be approved at the Meeting. The following description of the Option Plan is qualified in its entirety by the full text of the Option Plan, a copy of which will be supplied free of charge to any Shareholder upon written request made directly to the Company at its office located at 2704-401 Bay Street, Toronto, Ontario, M5H 2Y4, attention, Corporate Secretary.

The Option Plan was initially adopted by the Board on January 25, 2012, and was subsequently amended, following approval by the Shareholders, effective June 16, 2014.

The purpose of the Option Plan is to advance the interests of the Company, its Shareholders and subsidiaries by attracting, retaining and motivating the performance of selected directors, officers, employees or consultants of the Company of high caliber and potential and to encourage and enable such persons to acquire and retain a proprietary interest in the Company by ownership of its stock. The Option Plan provides that, subject to the requirements of the TSXV, the aggregate number of securities reserved for issuance, set aside and made available for issuance under the Option Plan may not exceed 10% of the issued and outstanding shares of the Company at any point in time (including all Options granted by the Company to date, if applicable). The number of Common Shares which may be reserved in any 12-month period for issuance to any one person upon exercise of all Options held by that individual may not exceed 5% of the issued and outstanding Common Shares of the Company unless the Company has obtained disinterested shareholder approval. The number of Common Shares which may be reserved in any 12-month period for issuance to any consultant may not exceed 2% of the issued and outstanding Common Shares of the Company at the time of the grant. The Option Plan provides that Options issued to eligible persons conducting investor relations activities may not exceed 2% of the issued and outstanding Common Shares of the Company in any 12 month period and will vest in stages over 12 months with no more than $\frac{1}{4}$ of the Options vesting in any three-month period. The number of Common Shares which may be reserved in any 12-month period for issuance to Insiders may not exceed 10% of the issued and outstanding Common Shares of the Company at the time of the grant, and the aggregate number of Common Shares reserved for issuance to Insiders in any 12-month period shall not exceed 10% of the outstanding Common Shares at any point in time.

The Option Plan is administered by the Board, which will have full and final authority with respect to the granting of all Options thereunder. Options may be granted under the Option Plan to such directors, officers, employees or consultants of the Company and its affiliates, if any, as the Board may from time to time designate. Options may also be granted to employees of management companies providing management services to the Company. The exercise price of any Options granted under the Option Plan shall be determined by the Board but may not be less than the market price of the Company's shares on the TSXV on the date of the grant (less any discount permissible under TSXV rules) subject to a minimum price of \$0.05. The term of any Options granted under the Option Plan shall be determined by the Board at the time of grant but, subject to earlier termination in the event of dismissal for cause, termination other than for cause or in the event of death, the term of any Options granted under the Option Plan may not exceed ten years. If the Board proposes to decrease the exercise price of Options that have been granted to Insiders, or to extend the applicable term of such Options, then disinterested shareholder approval is required. If desired by the Board, Options granted under the Option Plan may be subject to vesting. Options granted under the Option Plan are not to be transferable or assignable other than by will or other testamentary instrument or pursuant to the laws of succession. In the event that a director or officer ceases to hold office, Options granted to such director or officer under the Option Plan will expire 90 days after such director or officer ceases to hold office or such longer period as determined by the Board, subject to a maximum of 12 months following a participant ceasing to be an eligible participant. In the event that an employee, consultant or management company employee ceases to act in that capacity in relation to the Company, Options granted to such employee, consultant or management company employee under the Option Plan will expire 90 days after such individual or entity ceases to act in that capacity in relation to the Company or such longer period as determined by the Board, subject to a maximum of 12 months following a participant ceasing to be an eligible participant. In the event of death of an option holder, Options granted under the Option Plan expire six months from the date of the death of the option holder, subject to the Board having the authority to extend the expiry date to a maximum of twelve months from the date of death of the option holder. Options may be exercised in one of two ways: (i) in cash, by a wire transfer, certified cheque or bank draft made payable to the Company for the aggregate exercise price for the number of Common Shares with respect to which the Option is being exercised; or (ii) by cashless exercise, by reducing the number of Common Shares otherwise issuable under the Options such that, in lieu of a cash payment to the Company, a Participant,

excluding a person providing Investor Relations Activities, only receives the number of Common Shares that is equal to the quotient obtained by dividing: (i) the product of the number of Options being exercised by the difference between the VWAP of the underlying Common Shares and the Exercise Price of the subject Options, by (ii) the VWAP of the underlying Common Shares.

As of October 31, 2021 there were 21,125,000 Options outstanding pursuant to the Option Plan, representing approximately 8.91% of the issued and outstanding Common Shares as at October 31, 2021. See “*Particular Matters To Be Acted On – Approval of Option Plan*”.

Directorships

None of the directors currently serve on the board of directors of any other reporting issuers (or equivalent), other than John Hayes who is a Director and Chairman of Maritime Resources Corp.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction.

Nomination of Directors

The Board as a whole is responsible for identifying and evaluating qualified candidates for nomination to the Board. In identifying candidates, the Board considers the competencies and skills that the Board considers to be necessary for the Board as a whole to possess, the competencies and skills that the Board considers each existing director to possess, the competencies and skills each new nominee will bring to the Board and the ability of each new nominee to devote sufficient time and resources to his or her duties as a director. The Board also considers candidate independence and financial acumen in making recommendations for nomination.

Compensation

At this time, the Board as a whole reviews the compensation of the Named Executive Officers and the directors. See *“Information Concerning the Company - Statement of Executive Compensation”* above.

The Board conducts informal annual assessments of the Board's effectiveness, the individual directors and each of its committee members. To assist in its review, the Board conducts informal surveys of its directors and committee members.

Board Committees

There are no committees of the Board other than the Audit Committee. The Audit Committee is comprised of Lisa Davis, Dan Denbow and Stephen Timms. For further information relating to the Audit Committee, see *“Information Concerning the Company - Audit Committee Disclosure”* below.

3. APPOINTMENT OF AUDITORS

At the Meeting, Shareholders will be asked to reappoint McGovern Hurley LLP, Chartered Professional Accountants, as auditors of the Company, to hold office until the next annual meeting of the Company at such remuneration as may be fixed by the Board. McGovern Hurley LLP, Chartered Professional Accountants, have been the Company's auditors since January 2, 2014.

It is the intention of the persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, to vote such proxies FOR the re-appointment of McGovern Hurley LLP, Chartered Professional Accountants, as auditors of the Company.

4. APPROVAL OF OPTION PLAN

The policies of the TSXV require all listed companies with a “rolling” stock option plan (such as the Option Plan), under which the maximum number of shares that may be reserved for issuance pursuant to the exercise of stock options is determined as a percentage of an issuer’s issued and outstanding shares, to obtain approval of their stock option plan at their annual meeting of shareholders. Accordingly, management of the Company will seek Shareholder approval of the Option Plan at the Meeting.

The Shareholders first approved the Company's Option Plan on June 16, 2014 and most recently re-approved the Option Plan on March 1, 2021. The terms of the Option Plan are described in this Information Circular under the heading “*Information Concerning the Company - Securities Authorized for Issuance under Equity Compensation Plans – Option Plan*”.

At the Meeting, Shareholders will be asked to consider and, if deemed advisable, pass an ordinary resolution re-approving the Option Plan. To be effective, the resolution must be passed by at least a majority of the votes cast at the Meeting. It is the intention of the persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, to vote such proxies FOR the approval of the Option Plan.

5. APPROVAL OF THE CONSOLIDATION

The Board may propose to reduce the number of Common Shares issued in order to increase its flexibility with respect to potential business transactions, including any equity financings, if determined by the Company to be advisable. Shareholders are being asked to consider and, if thought fit, to pass the special resolution (the “**Consolidation Resolution**”) authorizing the Board, in its sole discretion, to consolidate the Common Shares on the basis of one (1) new Common Share for up to five (5) old Common Shares (the “**Consolidation**”) and amending the Company’s articles accordingly. Notwithstanding approval of the Consolidation by shareholders, the Board may, in its sole discretion may determine not to proceed with the Consolidation without further approval or action by or prior notice to shareholders.

Prior to making any amendment to affect the consolidation of Common Shares, the Company shall first be required to obtain any and all applicable regulatory and relevant TSXV approvals. If this special resolution is approved, the Consolidation will be implemented, if at all, only upon a determination by the Board that the Consolidation is in the best interests of the Company and its shareholders at that time. In connection with any determination to implement a Consolidation, the Company’s Board will set the timing for such a consolidation and select the specific ratio from within the range set forth in the special resolution for a ratio.

Certain Risks Associated with the Consolidation

There can be no assurance that the total market capitalization of the Company’s Common Shares (the aggregate value of all Common Shares at the then market price) immediately after the Consolidation will be equal to or greater than the total market capitalization immediately before the Consolidation. In addition, there can be no assurance that the per-share market price of the Common Shares following the Consolidation will be higher than the per share market price immediately before the Consolidation or equal or exceed the direct arithmetical result of the Consolidation. In addition, a decline in the market price of the Common Shares after the Consolidation may result in a greater percentage decline than would occur in the absence of a Consolidation and the liquidity of the Common Shares could be adversely affected. There can be no assurance that, if the Consolidation is implemented, the margin terms associated with the purchase of Common Shares will improve or that the Company will be successful in receiving increased attention from institutional investors.

Principal Effects of the Consolidation

As of April 11, 2021, the Company had 274,835,662 Common Shares issued and outstanding. Following the completion of the proposed Consolidation, the number of Common Shares of the Company issued and outstanding will depend on the ratio selected by the Company’s Board. The following table sets out the appropriate number of Common Shares that would be outstanding as a result of the Consolidation at the ratios suggested below.

Table – Consolidation Ratio

Proposed Consolidation Ratio	Approximate Number of Outstanding Common Shares (Post Consolidation) ⁽¹⁾
1 for 5	54,967,132
1 for 2	137,417,831

Notes:

- (1) The Ratios above are for information purposes only and are not indicative of the actual ratio that may be adopted by the Board to affect the Consolidation.

Tax Effect

The Consolidation will not give rise to a capital gain or loss under the *Income Tax Act (Canada)* for a shareholder who holds such Common Shares as capital property. The adjusted cost base to the shareholder of the new Common Shares immediately after the consolidation will be equal to the aggregate adjusted cost base to the shareholder of the old Common Shares immediately before the Consolidation.

Notice of Consolidation and Letter of Transmittal

If the Company effects the Consolidation, a letter of transmittal will be mailed to the shareholders. This letter of transmittal which will need to be duly completed and submitted by any shareholder wishing to receive share certificates representing the post-Consolidation Common Shares to which he, she or it is entitled if the Company completes the Consolidation. This letter of transmittal can be used for the purpose of surrendering certificates representing the currently outstanding Common Shares to the Company's registrar and transfer agent in exchange for new share certificates representing whole post-Consolidation Common Shares of the Company. After the Consolidation, current issued share certificates representing pre-Consolidation Common Shares of the Company will (i) not constitute good delivery for the purposes of trades of post-Consolidation Common Shares; and (ii) be deemed for all purposes to represent the number of post-Consolidation Common Shares to which the Shareholder is entitled as a result of the Consolidation. No delivery of a new certificate to a Shareholder will be made until the Shareholder has surrendered his, her or its current issued certificates. Please do not send the letter of transmittal until the Company announces by press release that the Consolidation will become effective. The press release will contain instructions as to when the existing share certificates and the letter of transmittal are to be mailed to shareholders and sent to TSX Trust Company, the Company's registrar and transfer agent.

Fractional Shares

No fractional common shares of the Company will be issued upon the Consolidation. All fractions of post-Consolidation shares will be rounded to the next lowest whole number if the first decimal place is less than five and rounded to the next highest whole number if the first decimal place is five or greater.

Percentage Shareholdings

The Consolidation will not affect any shareholder's percentage ownership in the Company, even though such ownership will be represented by a smaller number of Common Shares. Instead, the Consolidation will reduce proportionately the number of Common Shares held by all shareholders.

Implementation

The implementation of the Consolidation is conditional upon the Company obtaining the necessary regulatory consents. The special resolution provides that the Board is authorized, in its sole discretion, to determine not to proceed with the proposed Consolidation, without further approval of the Company's shareholders. In particular, the Board may determine not to present the special resolution to the Meeting or, if the special resolution is presented to the Meeting and approved, may determine after the meeting not to proceed with completion of the proposed Consolidation and filing the articles of amendment. If the Board does not implement the Consolidation within 12 months of the Meeting, the authority granted by the special resolution to implement the Consolidation on these terms would lapse and be of no further force or effect.

Effect on Non-registered Shareholders

Non-registered shareholders holding their Common Shares through a bank, broker or other nominee should note that such banks, brokers or other nominees may have different procedures for processing the Consolidation than those that will be put in place by the Company for registered shareholders. If you hold your Common Shares with such a bank, broker or other nominee and if you have any questions in this regard, you are encouraged to contact your nominee.

Consolidation Resolution

At the Meeting, Shareholders will be asked to pass a special resolution authorizing the Board to implement the Consolidation, substantially in the form of the following resolution:

“NOW THEREFORE BE IT RESOLVED AS A SPECIAL RESOLUTION THAT:

1. The Company be and is hereby authorized to consolidate the issued and outstanding Common Shares in the capital of the Company on the basis of one (1) new Common Share for up to every five (5) Common Shares presently issued and outstanding (the “Consolidation”) and amend the Company’s Articles accordingly;
2. The Board of Directors are hereby authorized to determine the ratio for the Consolidation within the range of up to 1 to 5;
3. Any one director or officer of the Company be and is hereby authorized and directed to do all such acts and things and to execute and deliver under the corporate seal or otherwise all such deeds, documents, instruments and assurances as in his opinion may be necessary or desirable to give effect to the foregoing resolutions, including, without limitation, prepare and file Articles of Amendment for the Company to effect the Consolidation or make any changes required by the TSXV Venture Exchange or applicable securities regulatory authorities; and
4. Notwithstanding the passing of this special resolution by the shareholders of the Company, the directors of the Company are hereby authorized and empowered without further notice to or approval of the Shareholders of the Company not to proceed with the Consolidation or to revoke this resolution at any time prior to the Consolidation becoming effective.”

The Board unanimously recommends that Shareholders vote in favour of the Consolidation Resolution. In order to be effective, the Consolidation Resolution must be passed by two-thirds (66⅔%) of the votes of the holders of Common Shares of the Company cast on the matter at the Meeting. In the absence of contrary instructions, the persons named in the enclosed Form of Proxy intend to vote for the passage of the Consolidation Resolution.

OTHER BUSINESS

Management is not aware of any other business to come before the Meeting other than as set forth in the Notice of Meeting of Shareholders. **If any other business properly comes before the Meeting, it is the intention of the persons named in the Form of Proxy to vote the Common Shares represented thereby in accordance with their best judgment on such matter.**
